## OASIS DINER DINNER

**Plainfield**— On December 17th, the Board of Directors of the Indiana National Road Association gathered at the Oasis Diner. The dinner was a business free gathering to build relationships, support a local business, and historic preservation along the Historic National Road.

Once an endangered property that was listed on Indiana Landmarks 10 Most Endangered list in 2010. The Oasis Diner was moved to its current location back in August and a rehabilitation of the historic diner was undertaken. Through the preservation efforts of Indiana Landmarks, the City of Plainfield, and owners Dough Huff & Don Rector the 1954 era diner has been brought back to life.

As a small token of INRA's appreciation, we gave the Oasis Diner an official Historic National Road sign. (see photo above) The sign will fit their overall décor. The diner was a great opportunity for INRA board members to meet the Doug and Don, enjoy the amazing food, and be immersed in a historic diner experience.
